Approximate scale foreground area only
About the maps
These maps show a generalized overview only. Topography derives from 10-meter USGS Digital Elevation Models (DEMs) manipulated to show foreground areas in a more map-like manner than background areas. Vertical exaggeration is used. Graphical scales are shown on each map for general comparisons only; note that distant features are at much smaller scales than foreground areas.
Restricted access road
No private vehicles
Restricted access road
Shuttle bus only, except
Dec. 1 – Feb. 28
(accessibility pass available)
Paved road
Unpaved road
High-clearance vehicles recommended
